EXPERIENCE

Interplay

Intern, New York, NY, Operations and AI, Studio, 05/2026 - 08/2026

- Built 4 AI products end-to-end across business strategy and consulting, consumer social, and financial analysis and underwriting; 2 spun out into standalone companies (ivy.one, getdemando.com).
- Authored business plans for 20+ accelerator startups and pitched 4 companies to the Managing Partner and VC team..
- Architected and maintained the firm's internal AI infrastructure including firm-wide context systems and full-stack deployment. Partnered with the Ascend family office team under the CIO to ship secure client tooling including internal-to-external encrypted data transfer, investment analysis portals, and private messaging.
- Reported directly to senior partner.

EgaTree

Intern, New York, NY (Hybrid), Data Analysis and Strategy, 06/2025 - 01/2026

- Joined as an early team member at a 3-person fintech startup, building quantitative Bitcoin trading strategies grounded in the Power-Law model
- Engineered long-term BTC cycle trading models in Python, backtested against 14 years of price data to validate Power-Law performance signals
- Designed and directly presented investor materials to private and institutional clients, supporting a seed-stage startup's fundraising efforts for a quantitative crypto strategy fund

Manas AI

Intern, New York, NY (Hybrid), Investment Research and Strategy, 09/2025 - 01/2026

- Conducted diligence on 4 pipeline drug candidates across indication fit, TAM sizing, and clinical feasibility, directly informing executive capital deployment decisions
- Authored and delivered weekly strategic reports to C-suite and VP of Operations, distilling complex biotech data into actionable investment recommendations
- Presented recommendations to C-suite, advising on commercial potential and capital deployment considerations

Office of Rebates and Grants (aka, LWYRD)

Co-Founder (CEO 01/2023-05/2025), New York, NY, 01/2023 - Present

- Co-founded Office of Rebates and Grants (rebranded to LWYRD in 2026), a legal services startup partnering with law firms to deliver affordable, on-call legal advice to student-founded startups
- Sourced and advised 20+ companies on Employee Retention Credit and CARES Act applications via partner law firms, generating \$3M+ in client funding and \$300K+ in revenue
- Led all client relationships as primary liaison between founders, clients, and partner law firms
- Currently working to partner with private and college/university start-up networks to connect early stage companies with trusted legal and strategic resources

Geller & Company

Summer Intern, New York, NY, Special Projects, 06/2023 - 08/2023

- Delivered competitive industry research that directly supported the acquisition decision for Julien's Auctions, an 8-figure deal
- Presented financial analysis and expense optimization recommendations to C-suite of 3 M&A targets
- Created presentations on unnecessary expenses and maximizing short-term ROI on newly acquired Julien's Auctions, presented to high value clients and COO
- Produced first financial analytics, management reporting, and data analysis on new acquisitions as special project for CEO
